

Technical Specifications

	9. 1 unit 1 KVA ups W/ AVR (ON-LINE)
	10. 1 unit 30L-50L refill tank for liquid N
	11. Shipping, installation by field technical specialist, and all materials needed for installation
	12. 2 years warranty on all parts and services
	13. Annual preventive maintenance and re-certification of equipment calibration for the duration of the warranty period
	14. Trainings on equipment operation, maintenance, and troubleshooting. Training should be good for 10-15 pax.
	15. Training certificates
	16. Equipment calibration certificates
VIII. Generator (1 unit)	A. Specifications
	1. Capacity: 169-200 kVA
	2. Engine model: Diesel, 6 cylinders in-line
	3. Alternator: AC brushless generator
	4. Automatic switch during power interruption
	B. Inclusion
	1. 1 unit 8-16 hrs capacity fuel tank
	2. 1 set of new batteries and cables
	3. 1 unit exhaust muffler with flexible connector and rated circuit breaker
	4. 1 set of 4 anti-vibration rubbers with bolts
	5. 1 unit automatic battery trickle charger
	6. 1 unit soundproof canopy
	7. Genset manuals and catalogs
	8. Shipping, installation by field technical specialist, and all materials needed for installation
	9. 2 years warranty on all parts and services
	10. Annual preventive maintenance and re-certification of equipment calibration for the duration of the warranty period
	11. Trainings on equipment operation, maintenance, and troubleshooting. Training should be good for 10-15 pax.
	12. Training certificates
	13. Equipment calibration certificates
Lot 3 (Gel Electrophoresis Systems, Ultra-Low Freezer and Ice Maker) Qty: 1 ABC: PhP 6,400,000.00 Delivery Terms: 90 days	
<ul style="list-style-type: none"> Storage Freezer (-80°C) with accessories (1 unit) 	1. Upright Ultra-Low Freezer
